| # | Planned feature | Status | Delivered state and evidence |
|---|---|---|---|
| 1 | Maintenance-focused UI | Done | Sidebar lists only maintenance screens; legacy URLs redirect. Tests: Sidebar, DomainContext |
| 2 | Asset history browser | Done | 118 aircraft; dated history with FAA identifiers (Figure 6.7) |
| 3 | Live knowledge graph | Done | Neo4j graph; interactive 3D view of one aircraft's stored subgraph (Figure 6.10) |
| 4 | Symptom-based diagnostic input | Done | One-shot diagnose and multi-turn Copilot |
| 5 | Historical evidence retrieval | Done (lexical) | Bounded retrieval; semantic retrieval not built |
| 6 | Ranked investigation suggestions | Done (heuristic) | Deterministic ranking with documented weights |
